Footnotes

- 1. Petroleum symmetric distribution
- 2. Hood and cord mount
- 3. Consists of multiple 20 LED light bars. 40, 60, 80, and 100 LED units use blanks as needed in place of populated light bars
- 4. Available on fixtures with 40–60 LEDs
- 5. Color temperature per fixture; 5700K standard; minimum 70 CRI
- 6. Control by others
- 7. Refer to dimming spec sheet for availability and additional information
- 8. Can't exceed the specified drive current
- 9. Not available with all multi-level options. Refer to multi-level spec sheet for availability and additional information
- 10. When code dictates fusing use time delay fuse
- 11. Not available when UH, 34 or 48 voltage is selected
- 12. Refer to multi-level spec sheet for availability and additional information
- 13. Sensor not included

General Description

Slim, low profile design. Fixture housing is rugged cast aluminum with integral, LED driver compartments, spun aluminum vented cover and high performance aluminum heatsinks. Fixture mounts using hook and cord. Five year limited warranty on fixture.

Electrical

Modular design accommodates varied lighting output from high power, white, 5700K (+/- 500K per full fixture), minimum 70 CRI, long life LED sources. Optional 4000K (+/- 300K per full fixture) also available. 120–277V 50/60 Hz, Class 1 LED drivers are standard. 347–480V 50/60 Hz driver is optional. LED drivers have power factor >90% and THD <20% at full load. Units provided with integral 10kV surge suppression protection standard. Surge protection tested in accordance with IEEE/ANSI C62.41.2.

Testing & Compliance

UL listed in the U.S. and Canada for damp locations. Consult factory for CE Certified products. RoHS compliant.

Finish

Exclusive Colorfast DeltaGuard® finish features an E-Coat epoxy primer with an ultra-durable silver powder topcoat, providing excellent resistance to corrosion, ultraviolet degradation and abrasion. Bronze, black, white and platinum bronze powder topcoats are also available. The finish is covered by our 10 year limited warranty.

Fixture and finish are endurance tested to withstand 5,000 hours of elevated ambient salt fog conditions as defined in ASTM Standard B 117.

Patents

U.S. and international patents granted and pending. BetaLED is a division of Ruud Lighting, Inc. For a listing of Ruud Lighting, Inc. patents, visit www.uspto.gov.

Field-Installed Accessories

Photometrics

Candlepower Trace: Vertical plane through horizontal angle of maximum candlepower.

Position of vertical plane of maximum candlepower.

Independent Testing Laboratories certified test. Report No. ITL66685. Candlepower trace of 6000K, 60 LED petroleum symmetric 304 series parking structure luminaire with 12,214 initial delivered lumens operating at 700mA. **All published luminaire photometric testing performed to IESNA LM-79-08 standards.**

Isofootcandle plot of 5700K, 120 LED petroleum symmetric interior round luminaire at 15' (4.6m) A.F.G. Luminaire with 18,906 initial delivered lumens operating at 525mA. Initial FC at grade.
