

TUCSON EW6108

WALL

PROJECT

DESCRIPTION

Smooth, modern; Tucson is rated for exterior use and is absolutely perfect for indoor use as well. A die-cast aluminum rectangle is attached to the front of the square, die-cast aluminum, flush mounting plate. The LED light source is concealed behind the rectangle to direct the viewer's attention to the absence of light around the glow of LED light. Uplight and downlight emanate from the 2 sides of the rectangle. Choose from black, brushed nickel, or white finish.
