

LED Underground light-3W RGB

DESCRIPTION

Energy-saving and environment friendly, soft light, no UV

- A.Adopt 3w/pcs RGB led, with high brightness and high efficiency
- B.With high voltage integrated and computerized CC driver, easy for cabling and maintaince,it can enhance overall reliability
- C.No need to connect outer controller, inbuilt multiple program changes, which can meet most clients different needs
- D.Simple operation, easy to use, only needs to connect AC110V/220V power supply, and then it can realize seven-color automatically changes. No need professional knowledge.
- E.Wide application such as municipal, gardening, park, entertainment, clubs, private garden and etc

Specification

Type	JD-UG3W-A1
Input Voltage	AC100-240V
Power	3W
No. Of LEDS	3PCS
Color	R G B
CCT (nm)	R615-620nm; G515-520nm; B460-465nm
Weight (g)	861g
Material	Tensile Aluminum+PMMA
Light Angle	
Mode	Auto-change
Life Span	30000hours

Size
