

# LSD-50 1.1W Flexible LED Module

## SPECIFICATION SHEET

JOB NAME: \_\_\_\_\_  
LOCATION: \_\_\_\_\_  
QUOTE/REF#: \_\_\_\_\_

**LSD-MT**  
optional mounting track

The LSD Mini Module incorporates the latest advancements in LED technology to deliver maximum lumen output. These low profile wet location modules are great for many common indoor/outdoor applications, and can be attached almost anywhere. These mini modules produce 90 lumens per Watt, have virtually no heat and are great for tight spaces. UL listed.

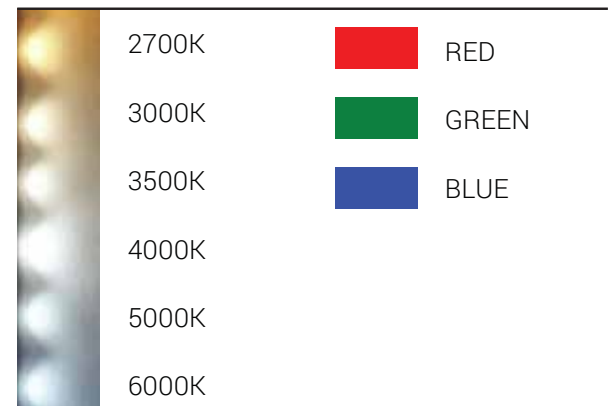

### FEATURES

- High lumen performance
- Available in 12V & 24V DC
- Suitable for indoor or outdoor applications
- Wide beam angle
- Pre-drilled mounting holes
- Included industrial-grade mounting tape
- Optional 48" PVC mounting track (LSD-MT)
- 5-Year warranty

### APPLICATIONS

- Signage lighting
- Medium to large channel letters

### COLOR TEMPERATURES

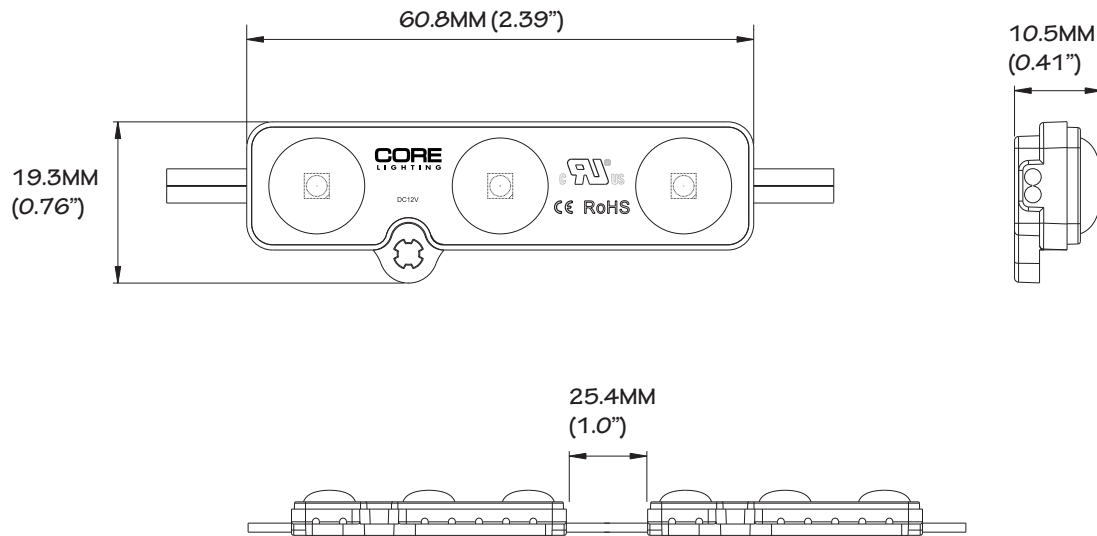

### SPECIFICATIONS
