FIXTURE SPECIFICATIONS

INTENDED USE

Strip lighting with high-performance LED and engineered optics offers efficiency and longer operating life. The corrosion-resistant, die-formed, heavy gauge steel made lightstrip is designed to replace traditional T5 and T8 fluorescent fixtures, making our lightstrip an ideal, maintenance-free solution for commercial and institutional spaces. Frosted acrylic, glare-free, snap-in lens included. Runs in various optional lengths.

AVAILABLE LENGTHS

4FT | **W** 4.34" x **L** 48" x **H** 3.25"
8FT | **W** 4.34" x **L** 96" x **H** 3.25"
