INTENDED USE

Our Clean Room Wet-Location LED Troffer is a highperformance, IP65- and IC-rated luminaire engineered for cleanrooms and environments exposed to moisture. Its fully gasketed housing and door frame form a sealed, contamination-resistant enclosure, ensuring reliable performance in demanding conditions. This NSF troffer designed for ISO 5 (Class 100) cleanrooms, is ideal for healthcare facilities, laboratories, commercial kitchens, locker rooms, restrooms, recreational centers, correctional institutions, and other spaces requiring rigorous cleanliness standards. Energy-efficient and built o last, it also complies with the Buy American Act (BAA), making it an excellent choice for government, municipal, and military projects.

FEATURES
